

Psalm 8 - By Year 6

Lord, our Lord
How majestic is your name
In all the Earth!
You have set your glory
In the Heavens above.

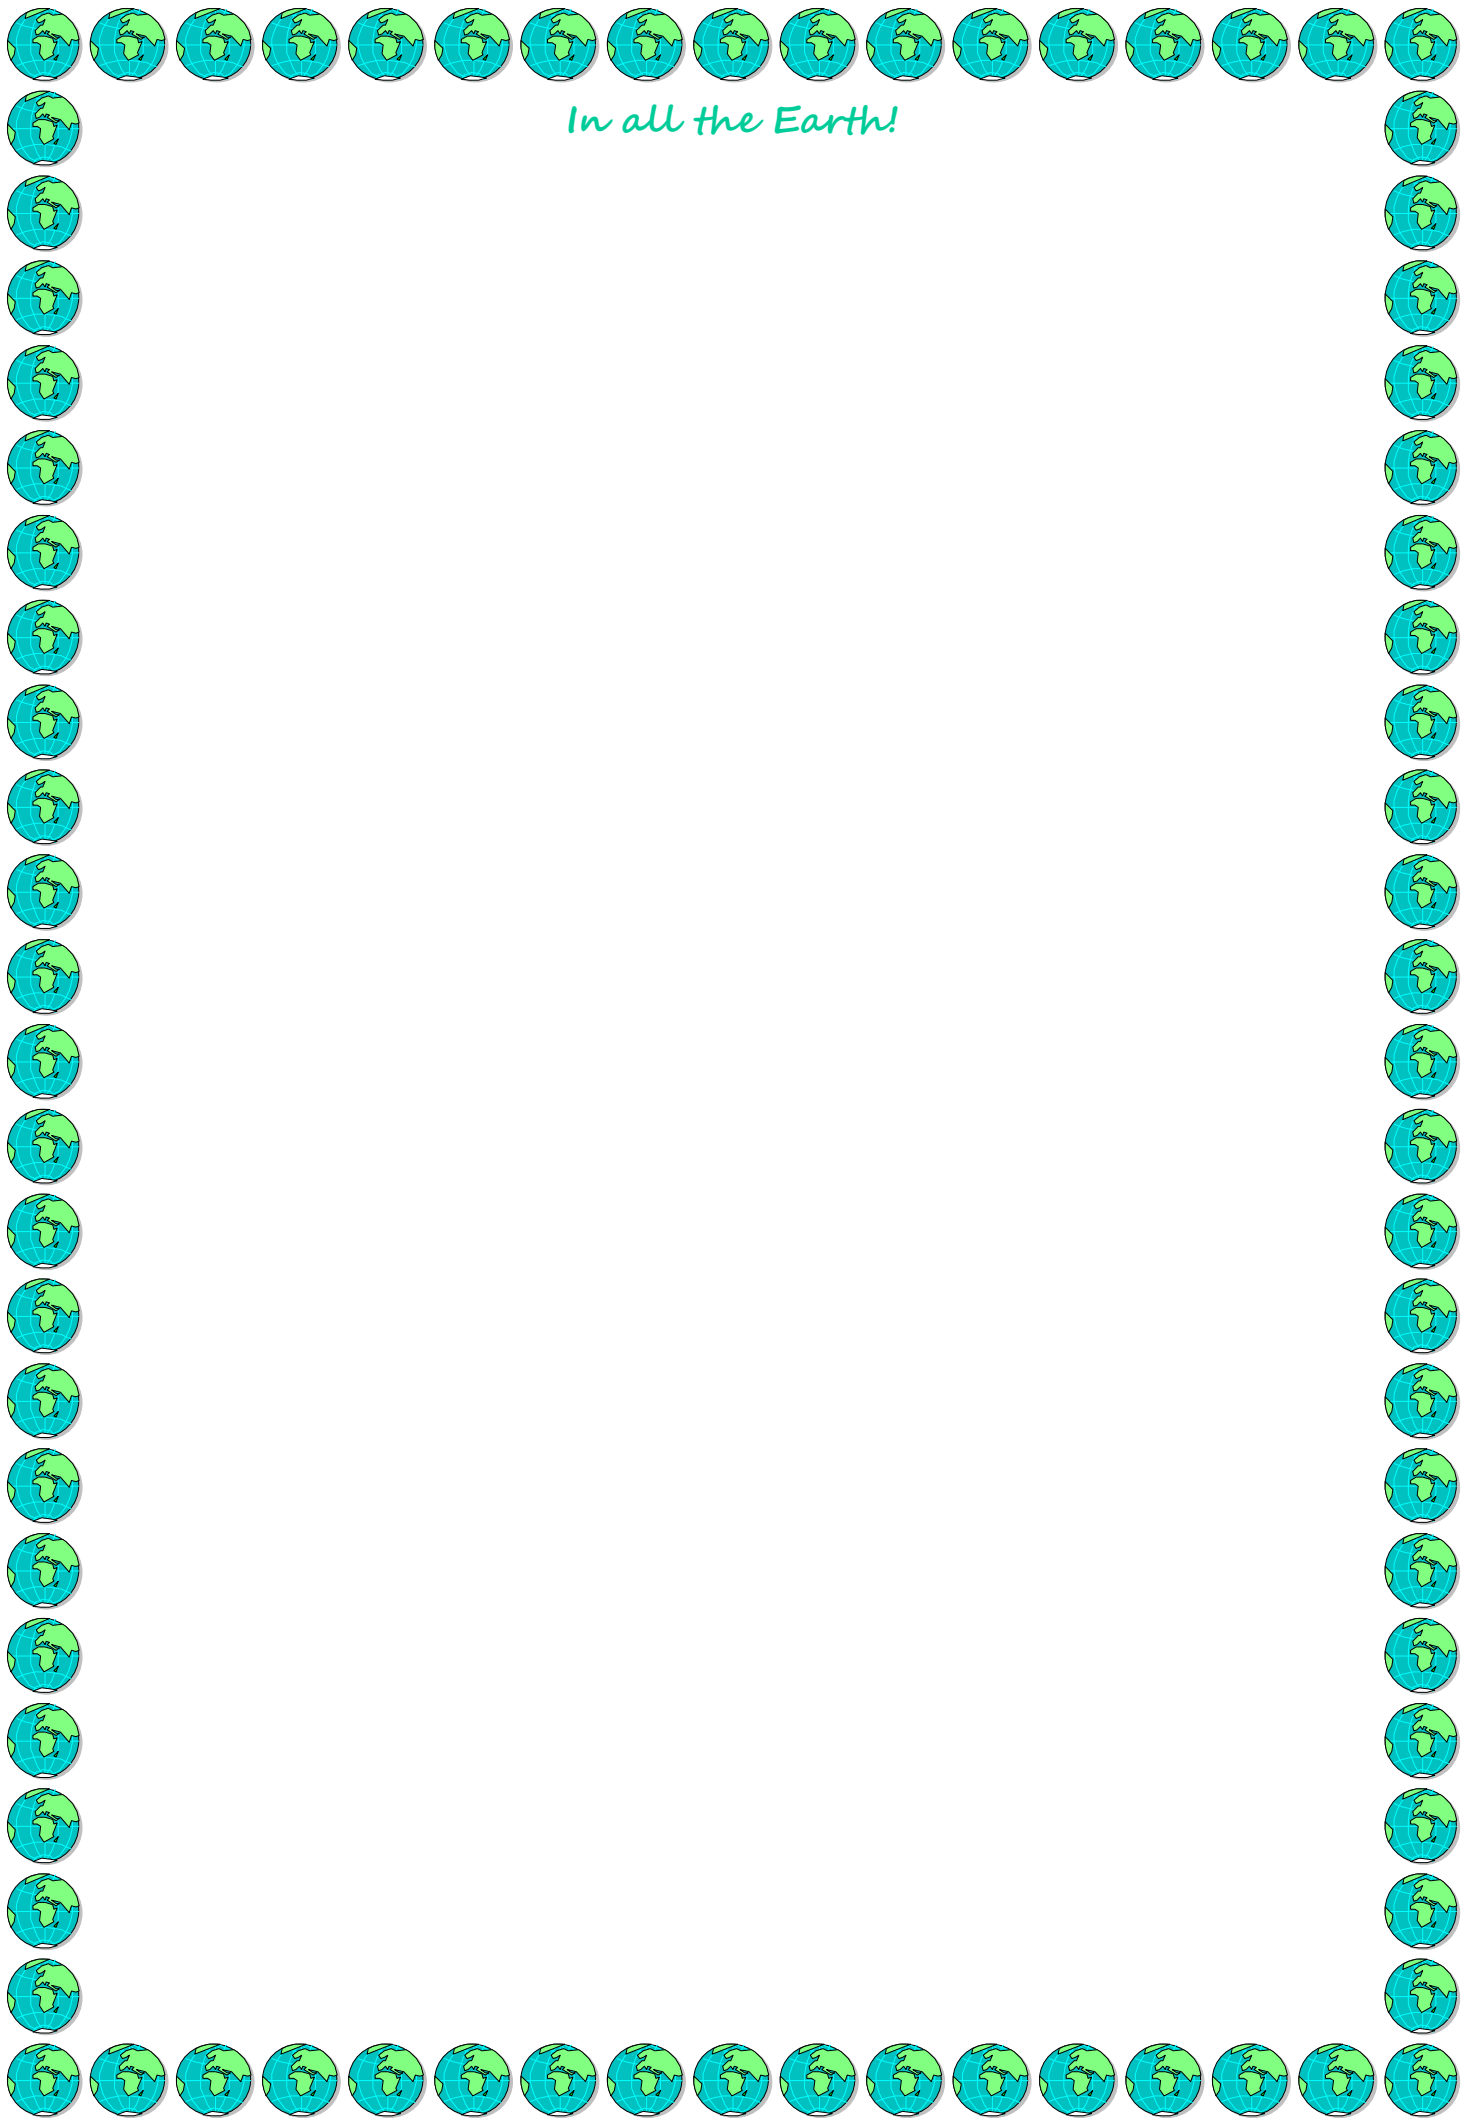

When I think of the sky above,
The work of your hands,
The planets and the solar system,
Which you have placed in everyone's palms.

Who are the powerful people?
What are you thinking about them?
Empathetic but also destructive.
Do you still love them?

You have made the ocean a little lower than the land.
Why?
You have crowned the trees the highest of all the ground.

Lord you have made the animals,
Kings over land and sea,
You filled the Earth with dirt under their feet,
All of the animals form into one group in the wild,
The birds in the blue sky,
The fish in the turquoise sea,
Move through the alleyways of the land.

Lord, our Lord
How majestic is your name

In all the Earth!
