

Darwin's Delights

Imaginative Learning Project for Year 6 children

Ship ahoy! We're off on an exciting expedition with Charles Darwin and his crew on HMS *Beagle*. Can you trace his route across the vast ocean?

Stop at the magical Galápagos Islands to see the amazing species that helped Darwin develop his theory of evolution by natural selection.

Do you know what's so special about a lava lizard, or why the blue-footed booby has blue feet?

See how animals adapt to their environment over time and meet some of the world's greatest explorers and naturalists!

Imagine how humans will evolve in millions of years. It's a scary thought!

Ready to trace the origin of species? Let's set sail!

ILP focus	Science
English	Labelling and journals; Diaries; Letters; Explanations; Newspaper reports
Science	Evolution and inheritance; Living things and their habitats; Working scientifically
Art & design	Creating sketchbooks; Observational drawing
Computing	Online research; Morphing animations; Understanding computer networks.
Geography	Using maps; Geographical similarities and differences; Islands of the world
History	Significant individuals – Charles Darwin, Mary Anning
PSHE	Taking responsibility
