

Year 1 Kingfisher Class - Spring newsletter 2018

Miss Proctor Mrs Gerrard Mrs Hargreaves Mrs Brown Miss Huxter

Welcome back! We are all looking forward to the Spring Term in Year 1, and we are sure that it will be a happy, hardworking term for your child. Don't forget to check out our tweets- @StMarysYear1

Attendance - Kingfisher class have been working hard to have great attendance as they like it when they win the prize from Mrs. Farmer. We hope that all of the nasty bugs have gone and that we will have 100% attendance very soon.

Topics – In Literacy, we will be reading traditional stories, learning to recite and perform poetry and developing our non-fiction writing. Our focus over the term will be improving the children's writing, so please encourage any writing they wish to do at home.

Our curriculum topics are Paws, Claws and Whiskers, followed by Moon Zoom! next half term, and our Science topic is My Brilliant Body. We will be welcoming some animal visitors to the class! Our RE topics are Jesus and his Friends, and Easter.

Home learning - Well done for all of the regular reading you are doing with your child at home. We already have lots of children who have read over 50 books, and some who have nearly reached 100! Please keep it up, as you are helping your child to become a fluent, confident reader. They also enjoy their prizes!

PE - Please ensure that your child's PE kit is in school all week. If it isn't, then your child will be sent to another class to work - which is not much fun for them ! PE is usually on Monday afternoon and Friday morning.

Fruit tuck - This is still £1 for the week. Thank you so much for bringing in £1 on Monday as this has made it much easier for us and the children,

Cold weather – Please ensure that your child has a warm coat, hat and gloves at school over the next term. You may wish to provide wellies for playtimes, to protect your child's school shoes, as sometimes our playground is wet and muddy.

Our learning- We are working hard to help your child become a reflective, successful learner who challenges themselves. Our loops of learning display helps them to do this, and also our octopus. Please chat to your child about their learning, and encourage them to explore this further at home.
