

Year 3 Update – Autumn 2018

At the beginning of Year 3's Topic on Urban Pioneers we were visited by Gail and Diana who brought Vera the Story Boat to visit the children. They were taught about the boat's history and the local people that used her. Afterwards the children wrote stories about the boat and the objects that now reside inside her.

Year 3 were looking at light as part of their science and topic learning. The art work was the children's interpretation of a city-scape.
